Remarks:

1、 In cooperation with the project implementation company and industry experts of various professional standards, the Alliance has organized online and offline discussions, site visits and technical assessments, listening reports, interviews and consultations, inquiries and defenses and video connections, data review, technical verification and other methods, and determined the above review results on the basis of merit after comprehensive evaluation.

2、 The reviewed results above have been publicized under relevant regulations. During the publicity period, the feedbacks of some colleges have been received and dealt with in a

timely manner.

3、 This project needs to be comprehensively reviewed by experts from China-Lao Evaluation Committee, based on the actual situation of relevant vocational education standards in Laos and the project status completed by various domestic colleges. If necessary, the colleges may conduct a re-interview or submit supplementary information, please cooperate at that time.

4、 During the implementation of the Project, if participating colleges have any question, please communicate in time. According to the project characteristics and necessary principles, all relevant adjustments or changes shall be interpreted by LCETPA and the relevant supporting entities.
